

ENVIRONMENTAL POLICY

Kascco Limited Company recognises that protection of the environment is an important Component within the company's operations and a necessary element of good corporate citizenship. Kascco is committed to improving its operating practices to ensure its environmental trail is minimised for future generations. We are committed to:

- Meeting all relevant environmental legislation that is applicable.
- Preventing pollution & minimising waste derived from its direct activities.
- Ensuring as far as possible that its supplies and services are delivered in an environmentally responsible way and that waste generated is recycled where possible.
- Establishing an environmental management system covering all aspects of its business.
- Encouraging clients and suppliers to utilise integrated environmental management principles & procedures where relevant.
- Curtail harm to flora and fauna
- Ensure training is provided to all personnel to enable the achievement of environmental objectives and awareness
- Maintain responsible waste management and waste disposal practices

Kascco will not participate in a project that it believes:

- Causes environmental destruction without suitable mitigatory measures.
- Causes extinction of fauna and flora.
- Unduly compromises the public's health and safety.
- Seriously disadvantages vulnerable groups without adequate compensatory measures.

OUR RESPONSIBILITY

Our management team is accountable to communicate this policy to all employees, contractors, suppliers and visitors. This policy applies to all employees and subcontractors
